Ask....What is He attempting to Communicate to me?

Ask....Why does He want me to understand His Message to humanity?

2. Allow God to Gift you with spiritual understanding about the most important things of all.

Ask ...Does He invite me to seek this understanding from Him directly?

Ask ...Will that understanding answer my questions about religion?

Ask ... Has my need for this understanding ever been greater?

3. Realize why Paul calls upon you to understand “spiritual things, spiritually.” - 1 Cor 2:12-13

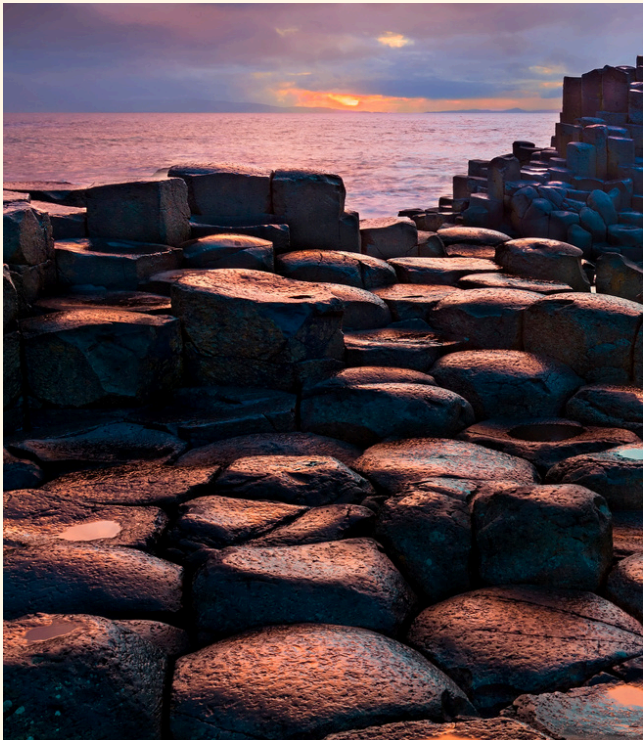

- Ask ... What does comparing "spiritual things, with spiritual" actually mean to me?
- Ask ... How can I apply that understanding to the stories, examples and lessons of the Bible, even the most difficult ones?
- Ask ... What answers will Enlighten my inner sense of Reason?

4. Break up the stumbling blocks that prevent you from gaining a True spiritual understanding about “the things that are freely Given to us of God”. 1 Corinthians 2:12

Ask ... What is standing in my Way?

Ask ... What do I need to overcome those obstacles?

Ask ... Where do I find the tools needed to do so?

5. Confirm timeless Principles that join us all together in mind, heart, and soul.

Ask ... Why does humanity lack a consensus about these things?

Ask ... What can bring back good, sensible information into the many divisions that permeate modern society?

6. Integrate the Bible with modern science.

Ask ... Why do conflicts exist between science and the Bible in the first place?

Ask ... What information do I need to put those conflicts to rest within my life?

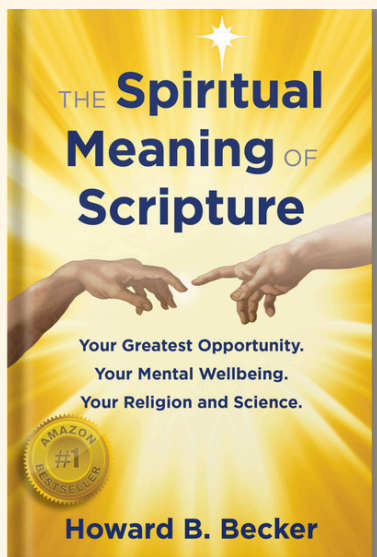

Ask ... Where do I find this information so I may reconcile them for myself?

7. Learn why Paul calls upon you to realize that “the letter of the Word kills, but the Spirit of the Word Gives Life.” - 2 Cor 3:6.
